INFRASTRUCTURE SERVICES
VIRTUALIZATION

We know you need IT to do more with less — and we also know you need an agile, efficient infrastructure that will support business growth, and deliver the security and compliance you demand. Whether you're planning to manage and configure your own virtual environment, or need the expertise of deploying a new solution, Sparkhound can help. Virtualization is one of the most effective ways to reduce IT expenses while boosting efficiency and agility. Let us show you how.

OUR INFRASTRUCTURE SERVICES APPROACH

ENVISION   **PLAN**   **IMPLEMENT**   **SUPPORT**

OUR VALUE PROPOSITION

Sparkhound's flexible end-to-end business approach and dedicated team of consultants offer key advantages that reduce your long-term business risk:

MEANINGFUL IMPACT

CONSULTING

MANAGED SERVICES

SOLUTIONS

- *Wealth of expertise working with Microsoft, Citrix and VMWare enterprise tool sets and process maturity around configuration and deployment engagements to drive the right ROI*

- *Deep experience with private, public and hybrid Cloud environments to enable standardized image management, lower administrative costs, enhanced scalability, and simplified management and provisioning*

- *Ongoing management, monitoring and administrative capabilities by Sparkhound Managed Services to reduce IT administrative burden*
