

SHAREPOINT SERVICES

PORTALS & COLLABORATION

Is your company looking for more efficient ways to organize and connect your information, people and projects? Sparkhound can help. Work with Sparkhound's dedicated SharePoint team (yep, it's all they do) and you'll quickly see the value of our comprehensive capabilities and hundreds of client engagements. And our big-picture approach addresses critical areas like information architecture, enterprise search, governance, organizational change management, custom branding and training. Because the technology alone won't ensure your success.

OUR VALUE PROPOSITION

Whether your environment is public, private or hybrid, Sparkhound's flexible approach and team of certified SharePoint architects and .NET developers offer key advantages that reduce your long-term business risk:

- *Proven Sparkhound Assessment Model (SAM) to guide the right collaboration strategy that aligns to your business goals, integrates user experiences and drives return on your SharePoint investment*
- *Deep experience and technical know-how around self-service Intranet, Extranet and public applications for integrated collaboration, communication and automation*
- *SharePoint ecosystem's industry-leading technology partners and enterprise tool sets to drive optimal performance, user adoption and workflow agility*
- *Ongoing management, monitoring and administrative capabilities by Sparkhound Managed Services to reduce IT administrative burden*

SHAREPOINT SERVICES

PORTALS & COLLABORATION

Using our Sparkhound Assessment Model (SAM), we start by collaborating with your key **People** to assess your **Processes** and **Technology** so you get the most from your SharePoint investment.

ENVISION

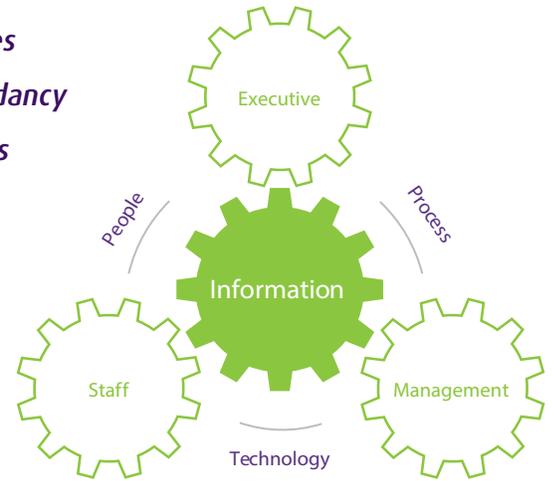

- Business Requirements*
- Technical Requirements*
- Information Silos*
- Systems & Processes*
- Information Redundancy*
- Custom Applications*

After collaborating with key stakeholders, we'll create a SharePoint Roadmap that is customized to your unique infrastructure, processes and business with key deliverables, milestones and change management.

PLAN

- Design & Architecture*
- System Planning*
- Custom Workflows*
- Governance*
- Brand Identity*
- Document Integration*

Sparkhound Assessment Model

As a certified Microsoft partner with years of SharePoint expertise, Sparkhound's proven approach will enable your business users to successfully collaborate, search and manage content across the enterprise.

IMPLEMENT

- Collaboration*
- User Adoption & Training*
- Self-Service Solutions*
- Intranet, Extranet or Internet Implementation*
- Brand Standards*
- Enterprise Mobile*
- Custom or out-of-the-box integration*

Sparkhound certified professionals are familiar with your unique environment to expedite resolution time. With 24-hours-a-day capabilities, we use a proven troubleshooting methodology and enterprise reporting tools to manage ongoing upgrades, maintenance and installs when you need it most.
